Curiosity	48.6/100	Moderate	The participant demonstrated moderate curiosity, asking some questions during the conversation.
Attentiveness	57.7/100	Moderate	Attentiveness was moderate — the speaker was generally engaged but with noticeable lapses in consistency.

Questions Detected

1. Hey there, is it a good morning there, your aunt?
2. All right, so yeah, very important for me to really understand what you're looking for.
3. Sure. Okay, so yep, if you could just let me know any information or what services are you looking
4. across APAC. So we are really global. So what we are kind of looking for is a business
5. Gotcha, that sounds good. Right. And in terms of the current solution, what are you using right
6. Yeah, and then they're using that solution. Okay, like the Zoom phone? Is that what they're
7. their own personal phone. Okay, which might not be very ideal for you. Would you rather have
8. different services, but the main ones are what we kind of call as a phone system and a contact
9. All right. There we go. It's just loading up. Okay. Here you go. Can you see my screen okay?
10. the kind of the standard plan we have is the X2 package. Now going back to what I said earlier
11. as well, or any ideal features you would like to use moving forward?
12. what is the first CRM again you mentioned? Salesforce? Yeah, Salesforce is for what we
13. tools or is it just a video conferencing platform we are looking to get for now?
14. Conferencing platform for now. I'm not sure in terms of, is there a cap or a limit because
15. what we call jitsi. I'm not sure if you've heard about this. So we basically have a stand alone.
16. or JAS. And we have the X series licenses, which is typically for businesses who are actually looking
17. looking for this product. So we actually have a separate team who handles this. They will be mostly
18. US sales guys who are using their personal cell phones. Honestly, that's not very ideal in
19. system account. So that is what we offer here in our X series license.
20. telling you that we can mix and match like what I said earlier. And so regular employees like

Recommendations

- Address complex topics earlier in the conversation to reduce moments of uncertainty.
- Reinforce trust-building through structured, confident communication patterns.
- Increase vocal variety and active participation to signal higher engagement.

Transcript Summary

Hey there, is it a good morning there, your aunt? It's a good morning, yeah. Okay, sounds good. Thanks so much for joining me today. No worries, thank you. All right, yeah, so wanted to quickly introduce myself. So I'm part of the sales team here handling new acquisitions. But if you were to sign up with 8x8, I will be your account manager as well. All right, so yeah, very important for me to really understand what you're looking for. You can mix and match licenses here at 8x8. So it's important for us to know as well the certain end user requirements so we could get you the right plan for every employee. Sure. Okay, so yep, if you could just let me know any information or what services are you looking for here in all years? Sure, sounds good. So let me give you a bit of context. So for the company we are a contact app, we are a data intelligence platform with over 300 million professionals contact information with us in our database. Primary users are recruiters and sales folks. So for us, we are a fully remote company. And our sales team is we have a mix of some of sales guys in US as well as across all across Europe. And the rest of the team is across APAC. So we are really global. So what we are kind of looking for is a business phone solution to really help with our company growth, primarily help being used for our sales team to just help us help them with their sales process. Gotcha, that sounds good. Right. And in terms of the current solution, what are you using right now? Gotcha. So currently in terms of the calls we are using Google Meet with part of our G Suite as well as for some of our reps, they prefer using Zoom. So they have signed up their own plans. Yeah, and then they're using that solution. Okay, like the Zoom phone? Is that what they're using? Zoom video calls. Oh, Zoom video calls. Okay. For our colleagues in US, then they have a US number, then if the customer is in base in the US, they will use their own personal phone. Okay, which might not ...
